## wedding slide shows

### slide show platinum spectacular! \$1200

A 10 – 15 minute customized medley of pictures, video, music, and voice that tells the story of the bride and the groom on the big screen! Often the highlight of the rehearsal dinner and/or the wedding reception, a slide show brings out the laughter and the tears as guests revisit the story of the bride and groom growing up with family and friends – and finally together as a couple. Wedding slide shows are set up and presented on a projected big screen, and are preserved forever on a customized DVD set for an unforgettable keepsake.

### slide show classic \$800

A 5 - 6 minute version of the wedding slide show (typically 2 – 3 songs) that tells the story of the bride and the groom on the big screen.

### wedding party dedications \$150 per groomsman / bridesmaid

A one minute dedicated “thank you” slide show customized to each member of the wedding party. Set to their favorite song (with the option of adding a voice-over message from the bride or groom), the perfect way to reward the wedding party for all of their years of friendship and dedication.
